Allowable Subject Matter

1. Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art does not teach that, a three-phase Inverter comprising: a third low-side switch connected between said third node and said reference voltage; and a three-phase transformer having a primary side with three terminals connected with said first, second and third nodes, respectively, and a secondary side with three terminals connected with a first, second and third loadings, respectively; wherein said switches are switched for generating a first AC voltage between said first and second nodes, a second AC voltage between said second and third nodes, and a third AC voltage between said third and first nodes, respectively, so as to be transformed by said three-phase transformer to generate a first AC current for said first loading, a second AC current for said second loading, and a third AC current for said third loading recited all limitations recited in independent claims 1 and 11.

2. The remaining dependent claims 2-10 and 12-14 are allowable for at least above reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
